The Track Put in Good Condi-
tion This Morning.

At the tap of the bell, shortly after
1:30 this afternoon, calling the entries
in the 2:14 pace to the barrier for the
first race of the big free fair, the
week's program, which contains one
of the best racing cards ever offered
in Topeka, was officially launched.

The track was a bit hard and rough
this morning, but constant work on it
put it in fair shape before the first
race was called. In discussing the
prospects of the meet this morning,
Superintendent of the Speedway R. T.
Kreipe said:

"We have between eighty and
ninety more horses on the grounds
than were ever here before to my
knowledge, and the entries of the var-
ious events excel those of previous
years in quality as well as in num-
bers."

Officials of the fair association this
morning stated emphatically that
bookmakers would not operate. How-
ever, a special law permits individual
betting, and among those who were
inclined to pick winners on the after-
noon's card Wilna Dillon was consid-
ered a favorite in the 2:14 pace, and
Wan was looked upon as a likely win-
ner in the 3-year-old pace. However,
it is understood that Wan has been
going badly during the past few weeks.

Officials Busy.

Officials of the speedway depart-
ment were all busy this morning and
Clerk of the Course J. A. Van Vech-
ten was kept at his entry book all
morning.

O. P. Updegraff, who is one of the
best known starters in the country,
was on hand to send starters from the
barrier, and many of the fair visitors
would have considered the program
incomplete without him. Mr. Upde-
graff has been the official starter at
the fair for so many years that the
minds of most people run not to the
contrary.

The speedway officials for the week
will be as follows:
Presiding judge—Gus Beauchamp
of Holton, Kan.
Judges—M. B. Hamilton of Leaven-
worth and Paul Hrycke of Topeka.
Timers—O. M. Keats, Topeka; Otis
Hungate, Topeka, and Dave Orr, To-
peka.

Starter—O. P. Updegraff.
Clerk of the course—J. A. Van
Vechten.

Tomorrow the Kansas Derby, one of
the biggest features of the week's pro-
gram, will be run.

More Swine Stables.

Following the erection of quarters
for 100 head of swine, overflow from
the swine barns Sunday, stalls for
fifty-six more were built this morn-
ing. A number of exhibits, mostly in
the livestock departments, are being
delayed by southern Kansas floods—
some of them will not reach Topeka
before this evening or Tuesday morn-
ing. However, this does not make
the exhibits less interesting, as all
pavillions are overflowing into extra
tents and barns erected Sunday for all
departments.
